Recommendations:

The selection and sequence of courses for the major should be planned closely with the major advisor. Students are advised to take a broad range of courses and are strongly encouraged to take at least one studio course. Students considering graduate study in art history are advised to take courses in languages relevant to areas of interest. Students interested in careers in architectural design, preservation, or architectural history should consult with members of the Art Department faculty with special interests in architecture. Special programs in art history and studio art can be devised to prepare students for graduate study in these areas.

Additional Information

All Art majors will be transitioned to the new major requirements starting with the class of 2021. Art majors in the class of 2020 can choose either the old or the new major requirements.
